Voluntary and Regulatory Frameworks to Improve Quality and Compliance

Future steps for QUALICHeCK

Present draft outcomes of QUALICHeCK

Approaches to improve compliance and accessibility of energy performance certificate input data
  – As presented by François Durier, CETIAT - France

Overview of selected approaches to improve quality of the works
  – As presented by Heike Erhorn-Kluttig, IBP Fraunhofer - DE
QUALICHeCK source book on “Guidelines for better enforcement of EPC compliance”

1. Introduction
2. Overall context
3. Analysis of reasons for good/poor EPC related compliance
4. Documented set of best practices
   1. PART 1 – Procedures to obtain and prove compliant data
   2. PART 2 – Legal framework for better enforcement and effective penalties
   3. PART 3 – Practical implementation of an effective framework for better enforcement and effective penalties
5. About Innovation
6. Society and EPC compliance
7. Economics of compliance
8. Conclusions
**Societal support!!**

**PRODUCTS**

- Procedures to obtain and prove compliant data
- Formal procedures if non-compliance
  - There should be clear procedures what must be done
  - There should be clear procedures how to decide on non-compliance and related actions
- Handling of non-compliance in practice
  - There should be an effective control and sanctions if non-compliance

---
